FLC BUSINESS | WHAT IS IT?

FLC Business is a next-generation search tool for federal laboratory resources. As the most comprehensive federal laboratory data store available, FLC Business provides businesses with a one-stop shop for federal laboratory information, including:

- **Technologies** available for licensing
- Laboratory **facilities** and **equipment**
- **Funding** opportunities
- Lab-specific special **programs**

FLC BUSINESS TIMELINE

FLC BUSINESS | PURPOSE

FLC Business is designed to help business and innovators search, connect, and engage with federal laboratory resources and experts to start the optimal commercialization process that will meet their R&D needs and stimulate the economy.

FLC BUSINESS | WHO CAN USE IT?

Federal Laboratories

FLC Business serves as a one-of-a-kind database for our nation's labs to share and leverage their resources (e.g., available technologies, facilities, equipment, funding opportunities, programs, etc.) with eager entrepreneurs and businesses looking to further their innovations.

Members of Industry (Entrepreneurs, Corporate Researchers, Project Developers, Business Owners)

FLC Business provides a much-needed gateway for all members of industry to access the cutting-edge government resources and expertise that will accelerate their R&D, technologies, and business ideas into the marketplace. To utilize our nation's scientific and technological resources to benefit your business, all you have to do is start searching the FLC Business database at FLCBUSINESS.ORG
